Get your CT Safe Boating Certificate in this convenient one-day course January 16, 2010

Cost: \$50

BASIC NAV 1-0

January Tuesdays and Thursdays in March Cost for the course will be \$200

Today, electronics have radically changed navigation, but understanding the basics helps you gain confidence in your equipment and your own skills. In this seminar, you will learn practical techniques to plan, navigate, and check your progress on the water. You will develop situational awareness skills using your eyes and navigation tools to quickly point to your position on a chart, and be able to use backup techniques when the electronics become suspect. This seminar will help captain and crew navigate safely and comfortably.

Upcoming in 2010:

- The SBA Captain's Course**
- The CCB Technical Skills Series**
